Hemming Area
This area should be left blank. Anything here will not be visible.

Bleed Area
Anything here will be folded over to the reverse of the banner and is part of the hemming area, remember to extend any colouring or background images into this 3mm bleed area to avoid white lines appearing during the print finishing stages.

Actual size & eyelets
Avoid placing any wording or important artwork within the 50mm area between the edge of this box and the purple dashed line, this will be the area where the eyelets of your banner will be placed.

Safe Area
Keep all your information inside the purple dashed box. Remember to use high resolution images (300dpi) for best results.
